Capacity

Capacity is not only determined by the resources available for a given project, but also largely by the systems and management structure put in place. Profix Australia has developed a very robust and systemic management profile enabling the business to rise to meet new challenges, whilst remaining nimble and cost effective.

Occupational Health and Safety

Profix Australia is committed to an uncompromised level of workplace safety for all of our staff and customers.

Please feel free to ask for a copy of our complete Health, Safety and Environment Policy.

Quality Assurance:

Quality workmanship and true value for money is the cornerstone of our success. This is a culture that has been driven by our dedicated management team, with great expectations and a high level of scrutiny of our work. Our Quality Assurance & Management Policy is a road-map to these simplistic requirements for the way we carry out our business.
